Stefania Rosca

📍 Barcelona, Spain 📞 642-129-550 ✉️ stefania.rosca2309@gmail.com 🖥️ stefi.codes

Frontend developer with experience in JavaScript and React. Currently, I am teaching "Introduction to Coding" at the Geneva Business School. In addition to programming, I have over five years of experience in Digital Marketing and Communication.

Awarded a scholarship to participate at the Recurse Center in New York City.

Invited to speak at QueerJS in Paris about "The importance of community when transitioning to tech" and will be talking about testing at the codebar Festival.

At the moment I am building an app to connect skiers and snowboarders who live close to a specific resort to pair up for a few ski/snowboard adventures.

SKILLS: JavaScript(ES6+), React, HTML, CSS, Git, Bootstrap, Node, Express, MySQL.

EXPERIENCE

Geneva Business School   SEPTEMBER 2020 - PRESENT
Associate Professor
Teaching Introduction to Coding

- Design and development of course syllabi, learning activities, and resources.
- Assessing student learning achievements and offering student support time.
